

Know your risk and how to prevent a stroke

The Stroke Riskometer™ is an easy to use tool for assessing your individual risk of stroke, and what you can do to reduce the risk.

Stroke is a silent killer.

One in **SIX** people will have a stroke in their lifetime.

90% of strokes are preventable.

Use the app to find your risk of stroke and see how you can minimise your risk **today!**

Talk to your community pharmacist for more information on preventing a stroke
